

Academic Conferences and Publishing Center - Malaysia (ACPC-M)

Hold By MUTAMD EVENTS SDN. BHD.(1085353 H)

ABOUT US

Academic Conferences and Scientific Publishing Center - Malaysia, a program of the (MUTAMD EVENTS SDN BHD) Foundation, is an officially licensed institution for work and educational services in Malaysia, promotes excellent academic research through its conferences and publications activities. We manage a series of peer reviewed international academic conferences on all countries in association with universities wishing to host an international gathering of academic researchers.

ACPCM works with more than a thousand research active academics who contribute to reviewing academic research and who contribute to conference committees around the world. We are open to considering any university as a possible host for one of our international events.

ACPCM also arranged free training course to support doctoral and master Students alongside the Conferences.

ACPCM currently publishes a number of open access e-Journals. We also invite academics who have written or who wish to write a text book to have their work published by us. Our on-line bookshop <https://iccp.com/>

With a view to publishing journals in the widest possible manner and to be easily recognized and protected by intellectual property.

MISSION

Success starts with our people. Driven by an enduring commitment to our core values we will enrich the lives of our guests, clients and community by creating extraordinary experiences, to provide a better environment for our community.

We will pursue new opportunities that support our vision, reward our stakeholders and define the future of hospitality.

VISION

To be innovators and industry champions, transforming ordinary moments into extraordinary memories, through planning for continuously upgrade the levels of our community members

VALUES

Innovation – Professionalism – Judgment – Impact – Community – Integrity - Passion

OBJECTIVES

- 1- The natural setting and historic atmosphere encourage openness
- 2- Support the personal and corporate lives of all who come.
- 3- Promote and support strategic partnerships between scientists, thinkers and institutions.
- 4- Disseminate scientific work and enhance opportunities for its application.

POLICIES

As a non-profit organization in an open-door manner, the Centre works with all relevant contacts. The Centre does not miss any serious contribution that it wishes to participate in the service of scientific research and the community of scientists and researchers.
